

Hon'ble President of India, Smt. Droupadi Murmu, launched the Brahma Kumaris' year's theme, '**Spiritual Empowerment for a Clean & Healthy Society,**' at Bharat Mandapam, New Delhi

Dadi Gulzar

"Walk the earth with light, & not heavy feet. The earth is our companion, so why burden it with our heaviness."

Spiritual knowledge makes it easier to cope with the loss of a loved one. Spiritual awareness begins with understanding one's true identity — that one is a soul. The soul is the imperishable sentient energy that gives life to the body, which is the physical medium, using which the soul thinks, speaks and acts. Death is merely the soul leaving one body to take birth in another.
